

Andromeda Galaxy, photo by young amateur astronomer Jurij Stare.

7th European Symposium for the Protection of the Night Sky Light Pollution and Global Warming

International Exhibition: Quality Lighting and Light Pollution
5-6 October 2007, Bled, Slovenia, www.darksky2007.si

Light pollution from near Triglav national park, Slovenia.

Why does nobody care about 1700 million €*

* Conservative estimate by Dark Sky Slovenia based on wasted energy and prices for 2007, ground based monitoring and satellite monitoring.

glowing to waste over Europe?
